

SHARE new mexico™

501(C)PA

We are New Mexico's only nonprofit 501(c)(3) CPA firm. We provide professional financial management and administrative services exclusively within the nonprofit sector. Services for non-profit organizations include: accounting and payroll; financial management; and Human Resources. Our web-based MIP software, paperless processes, cost-sharing, funding-community partnerships and our nonprofit model are all part of what makes us different. Our services are web-based and, as such, we can provide services to all parts of the state. See website for details.
