

Abisom Behavioral health

Medication Management at Abisom Behavioral Health

Finding the right medication can be life-changing—and we're here to help you get there. At Abisom Behavioral Health LLC, our Medication Management Program offers personalized, expert care to help you feel better, think clearer, and live more fully.

Led by **Omotayo Sofela, PMHNP**, we start with a detailed evaluation to understand your unique needs and symptoms. From there, we create a customized medication plan that fits your life—not the other way around. Whether you're managing anxiety, depression, ADHD, bipolar disorder, or PTSD, we'll guide you every step of the way.

Our goal? To make sure your medication works *for* you—with minimal side effects and maximum results. Through regular check-ins, adjustments when needed, and open communication, we ensure your treatment evolves as you do.

At Abisom, we don't just prescribe—we partner with you on your path to mental wellness. Let's find the right balance, together.

Abisom

At Abisom Behavioral Health LLC, our mission is to provide compassionate, personalized mental health care that empowers individuals to lead healthy, fulfilling lives. We are committed to supporting adolescents and adults through accessible, high-quality psychiatric services—whether in person or through telepsychiatry. By truly listening, understanding each unique story, and tailoring evidence-based treatment plans, we help our patients thrive emotionally, mentally, and holistically.
