Entrepreneur Bootcamps

ABQid Entrepreneur Bootcamps are coordinated in conjunction with community partners, such as CNM, UNM and local economic development organizations, to provide aspiring entrepreneurs an introduction to the Business Model Canvas and overview of the Lean Startup methodology, with a particular focus on customer validation: do people want to buy what you're selling?

By self-identifying aspiring and active entrepreneurs in our community who are or want to build a business, we are able to connect them with additional local resources they'll need to build a successful business in Albuquerque.

Please check out our calendar for a list of upcoming ABQid entrepreneurial bootcamps.

Details
