DiverseIT Career Training Program

DiverseIT offers computer training and certifications in an effort to open more employment opportunities up to people with disabilities, people of color, women and other populations that are too often excluded from IT. We will work with you to provide the training you and your organization need for your group, whether its a few classes or a semester-long curriculum plan.

We offer customized training and curriculum to schools and charter schools who are looking to offer more indepth technical training. DiverseIT also offers group training to nonprofits and local businesses that are trying to build the skills of their workforce or allow for more professional development to retain good employees.

Ours is a professional, hands-on environment that uses multiple strategies including on-the-job training, internships, project-based learning, individual mentoring, and/or online training.

COVID Update. DiverseIT is currently using a virtual classroom model for our Training clients. Our goal is to provide great training, but to do so safely. For more information please call us at 505. 341.7166.

Parent Organization

Adelante Development Center, Inc.

Adelante is a nonprofit organization that supports people with disabilities, disadvantages, and seniors by providing employment, residential and day services, and other community resources. Founded in 1978, the agency's programs extend across New Mexico. Adelante means "forward" in Spanish, reflecting a focus on helping people push past stereotypes and moving forward with their lives. Adelante promotes independence and individualized goals in all of its programs.
