After School

Amigo Fiel provides a safe place for children to go after school, where we strive to nourish them physically, mentally, emotionally, and spiritually. We provide a balanced meal, help them with their homework, do arts and crafts, playtime, music, discipleship, and study God's word. We currently have on staff a children's education director, a full time cook, and 4 teachers who all work together by loving and helping the children reach their highest potential.
