## **AMikids Bernalillo County Family Services**

We are funded through Bernalillo County to provide Functional Family Therapy (FFT) and aftercare service coordination and care management. FFT, developed from evidence-based principles is both a prevention and step down program for at risk youth. We provide home-based counseling to address family dynamics that may be impacting delinquent behaviors, poor decision making, or youth with behavioral health needs. FFT is a highly regarded, family centered model proven to reduce recidivism, reduce out of home placements, and increase overall family functioning. The result of FFT is a long standing change that impacts multiple generations by breaking the cycle of victimization, incarceration, and poverty. FFT is a brief but intense intervention (3-6 months) in which therapist meets with family members once a week.
