

Non-Emergency Air Transportation

Angel Flight West provides non-emergency transportation for people who need medical treatment at no cost to the patient. We serve the 13 western states including New Mexico, and can often coordinate transportation to other regions as well. Our flights are conducted in small, private aircraft and typically are between 100 and 1,000 miles.

Some of the reasons our passenger fly with us:

- Second opinions from a specialist
- Diagnosis or treatment of a rare condition
- Specialized surgery
- Family members traveling to care for a loved one
- Domestic violence relocation
- People who are unable to use public transportation due to a compromised immune system

Some restrictions for our program:

- Patients must be able to walk on their own and sit up for the duration of the flight
- We require a medical release from the patient's physician indicating that he or she is able to fly safely
- We require five business days notice to schedule the flight
- We can often accommodate a companion or two depending on the needs of the passenger
- Ground transportation is available in some areas

If you need to travel for medical treatment or other compelling need, or are considering treatment in a remote location, we encourage you to [apply online using our request form](#), or call the office at 888-4-AN-ANGEL to discuss your situation with one of our coordinators.

Parent Organization

Angel Flight West

Angel Flight West is a nonprofit, volunteer-driven organization that arranges free, non-emergency air travel for children and adults with medical conditions and other compelling needs. Our network of 1,400+ pilots throughout the 13 western states donate their aircraft, piloting skills, and all flying costs to help families in need, enabling them to receive vital treatment that might otherwise be inaccessible because of financial, medical, or geographic limitations.
