Parent Organization

Belen Art League

Founded in 1956, the Belen Art League is a nonprofit arts organization and gallery operated by volunteers. We are dedicated to nurturing and promoting the arts through education, events and exhibits.

Red, green, turquoise, desert tan, sage green, purpled, peachy-red sunsets, the colors of our region, our foods and landscapes. An invitation to our creative senses and spirits. You will find that and so much more as you explore your artistic inclinations at the Belen Art League Gallery and Gifts, be it the gallery or website.

The Belen Art League is composed of people who share an interest in promoting and encouraging art in all its forms-oil, acrylic, pastel, photography, pottery and many others.

Come see what's behind our blue doors. We carry an exciting, changing array of art, at all skills and price levels. Experience traditional art in the spirit of the Southwest, as well as modern. You will find watercolors, pastels, oils and acrylics, earthy or brightly fired clay and porcelain works from pots to fountains, exceptional jewelry and rainbow hued fiber arts. Photography that captures and evokes feelings of places and things we might or wished we had experienced; finely honed woodwork, prints, whatever you can imagine. If it's not there, surely we can create it for you! Many of our artists are pleased to do commission work.
