Building Bridges Child Development

Our mission at Building Bridges Child Development Center is to provide high quality child care, incorporating the best research and knowledge of child development and health. Also, to support parents by providing their children with a loving, nurturing environment; by being accessible to discuss their children's needs; and by offering these services at reasonable prices. The center's goals are for the children served by the center to develop to their full potential, to exhibit healthy social, emotional, and physical growth; for the parents to feel confident that their children are being cared for in the best possible manner, to promote the natural bonding and friendship among young siblings, to prepare children emotionally, socially, and scholastically for life, to find the center personnel open and easy to communicate with, and to be satisfied

with the cost and quality of care their children receive.
