Se Vale Soñar Scholarship

This scholarship is to help and encourage first generation, Latino/a, low-income high school students with academic success in pursuing a higher education. It will also ease the financial burden of buying a laptop during high school and college. This scholarship will enable high school students to search and apply for volunteering and internship opportunities. Later on, they will use their laptops to apply to college fly-ins, colleges, and scholarships. The Se Vale Soñar Scholarship will also allow students to do their homework, among other essential things, during college.

Details
