Cansurvival

Empowering those diagnosed with cancer, and their caregivers and supporters, with a positive approach to managing the social and financial aspects of cancer. Through workshops and classes, we support people in identifying and acting upon those areas. CanSurvival offers a full program of workshops, classes, and lectures on issues pertaining to living well after a cancer diagnosis, i.e., surviving well! Workshops and lectures are held at the headquarters in Corrales and by invitation throughout the staff.
