

SHARE new mexico™

Carecredit Ge Capital

CareCredit is a healthcare credit card with a credit line for treatments and procedures for your entire family, including your pets. It is a credit card designed for your health and beauty needs. With many of our promotional offers, you can avoid paying interest by making your minimum monthly payments and paying the full amount due by the end of the promotional period. Interest will be charged to your account from the purchase date if the promotional purchase is not paid in full within the promotional period. Minimum monthly payments are required. Not all practices offer all CareCredit financing options, so check with your provider. For complete details, please read the Terms and Conditions within the application. Approval is based on information from your credit application and past credit history. This includes information from the primary applicant as well as any co-applicant.
