Children's Summer Program

The Children's Summer Program operates between May 15 and August 15 each year. During that period of time, when school is not in session, eligible families with school-age children can receive a second monthly distribution of groceries: canned goods, staples, good sources of protein, as well as fruits and vegetables in season. This is specifically designed to address the increased needs of families with school-age children during the times when school is not in session, and children no longer have access to free or reduced school breakfast and lunch programs**.**
