The Center of Southwest Culture (CSC) was founded in 1991 as a nonprofit organization to help develop healthy Indigenous and Latino communities through economic development initiatives and educational and cultural work. CSC provides bilingual economic and educational initiatives to low-income, underserved Indigenous and Latino communities. These initiatives include 1) small business development, 2) cultural/environmental education, and 3) fiscal sponsorship and nonprofit services to groups that also serve low-income and underserved communities in New Mexico. CSC works to develop Indigenous and Latino communities to enable them to break through barriers that inhibit their economic and educational success.
