Sembrando Salud!

Sembrando Salud! helps working families establish backyard organic gardens for family consumption throughout the summer. Sembrando also teaches families how to cook fresh and healthy meals using the food grown in their backyard gardens emphasizing the nutritional qualities of their organic produce.

Parent Organization

Center of Southwest Culture, Inc.

The Center of Southwest Culture (CSC) was founded in 1991 as a nonprofit organization to help develop healthy Indigenous and Latino communities through economic development initiatives and educational and cultural work. CSC provides bilingual economic and educational initiatives to low-income, underserved Indigenous and Latino communities. These initiatives include 1) small business development, 2) cultural/environmental education, and 3) fiscal sponsorship and nonprofit services to groups that also serve low-income and underserved communities in New Mexico. CSC works to develop Indigenous and Latino

communities to enable them to break through barriers that inhibit their economic and educational success.
