## Century Link Lifeline (formerly TAP)

Low-income households may receive discounted landline telephone service OR internet service (you can receive a discount on one, but not both). To set up your discounted service (landline phone or internet), call (800) 244-1111, **then when prompted say "new customer."** The Century Link rep you talk to will send you the application; then you will need to complete the application and provide proof of low-income to qualify for the discounted service.

(This was formerly known as the low-income TAP (Telephone Assistance Program) and now includes the alternative option of discounted internet service).
