The Childhelp National Child Abuse Hotline **1-800-4-A-CHILD (1-800-422-4453)** is dedicated to the prevention of child abuse. Serving the United States, its territories, and Canada, the hotline is staffed 24 hours a day, 7 days a week with professional crisis counselors who, through interpreters, can provide assistance in over 200 languages. The hotline offers crisis intervention, information, literature, and referrals to thousands of emergency, social service, and support resources. All calls are confidential.

The hotline has received more than 2 million calls since it began in 1982. These calls come from children at risk for abuse, distressed parents seeking crisis intervention and concerned individuals who suspect that child abuse may be occurring. The hotline is also a valuable resource for those who are mandated by law to report suspected abuse, such as school personnel, medical and mental health professionals and police and fire investigators.
