E3 Children's Museum & Science Center

We offer hands-on, science-related interactives in the main gallery with special programs scheduled throughout the year. Sound, Light, Magnetism, Shadows, and Art are found at the E³ Children's Museum and Science Center in downtown Farmington. Tots' Turf is a developmentally appropriate environment for children 5 and younger. School groups, home-schools, and families will find many things to do and learn at the Children's Museum.
