Coming Home Kids

Non-medical in-home services to the families of children with acute medical diagnoses, including cancer, as they work to bring their child back to health. We have a spectrum of trained, skilled team members, including an RN, who can help with practical, emotional, and physical support depending on the needs of the family. Our team can give support to the child, their siblings, give the parents respite, and support other family members and friends who are part of the care team. Call 505-988-2468 or 505-231-4444 for info and to seek services.
