## Home Care, Dementia Respite & Equipment Loan

High quality home-care, an agency service without an agency fee. Limited free care available as our caregivers volunteer time to help those most in need.

We train and place professional and volunteer caregivers to provide all levels of assistance with activities of daily living. We offer a personal service and strive to good personality matches beyond the immediate care needs. We care for people who are being discharged from hospital, with chronic or acute illnesses, who are disabled or frail with age, or who are at the end of their lives. Care can be anything from a few hours a week to 24/7 care.

We have a dementia respite program to give family caregivers a break so that they can take care of their own needs, knowing their loved one is safe and well looked after.

Our equipment loan program offers gently used durable medical equipment free of charge to anyone in need, including wheelchairs, shower stools, commodes, walker, hospital beds and hoist lifts. We also have adult disposable briefs and similar products.
