

Community Connections

Community Health Workers (CHWs) are a special part of your healthcare team. We know your community and are trained to help you: understand your health and your care plan; connect to community programs and services; find ways to make lifestyle changes to improve your health and well-being; answer questions and provide information about mental health diagnoses and resources.

List is a partial list of services:

- Connect the elderly and their families with resources for home health, caregivers, homemakers and other needs for aging populations
- Address food insecurities
- Provide resources for help with substance use disorders for the patient or family members
- Provide resources to get out of unsafe domestic situations
- Help patients apply for Medicaid and Medicare
- Address housing insecurities
- Help with finding assistance for gas or electricity bills
- Find transportation solutions
- Help patients understand the value of a primary care provider and preventive healthcare
- Provide resources to patients with diabetes
- And more!

Community Connections

Because everyone needs help at some point, we are here to help connect you with community resources. Our Certified Community Health Workers (CCHWs) at [Community Connections](#) can help link you to community programs, resources and services. If you are in need of help, finding assistance for gas or electricity bills, finding ways to improve your health or would like to get diabetes self-management education and support – and so much more.
