Grant County Early Care & Education: LINKS

Vision: Families in Grant County will have access to diverse, affordable, high-quality options for early childhood care and education.

Mission: Through teamwork, partnership and collaboration, Grant County Community LINKS will strengthen the network of support and resources in our early childhood community, keeping the uniqueness and diversity of each program.

Since 2013 *The Community Partnership for Children* has supported the business and pedagogical needs of rural Grant County's licensed ECE providers through a **Learning Community (LC)** approach called **LINKS (Learning Network for Kids)**. The purpose of the **CPC/LINKS' Learning Community** is to regularly engage members to set and meet goals, solve problems, share best practices and resources, and analyze data and their results. The **CPC** has demonstrated that rural ECE providers can strengthen business and pedagogical practices for the children and families they serve and meet the complex challenges faced by their communities.

Currently CPC/LINKS partners with all programs in Grant County serving young children and the families of young children. Visit www.grantcountycpc.com to explore early childhood education and care options in Grant County, NM.
