Computers for Charity and Computer Repair

Computer Charity NM's transfers donated surplus computers and related equipment to other 501c3 organizations, senior citizens, senior centers, college and high school students and immigrants. Computer Charity NM then coordinates computer and Internet instruction for said groups and individuals. We also strive to offer the best Santa Fe prices for computer repair.

We are devoted to helping low income families and Non-Profit organizations with useable refurbished computers for a great price, sometimes even free. We accept donations of most electronics. Everything that we don't use, we recycle through our environmentally minded recycling department.
