

SHARE new mexico™

Camping Crew

This type of crew is our most common crew. We are seeking people ages 18-25 for these crews to work on conservation projects in New Mexico, Western Texas and Eastern Arizona. These 8-person crews camp and work for 8 days in a row and have 6 days off. CCNM provides a living stipend, a grocery budget and members can apply for a deferment of student loans. At the end of their term of service, members receive an AmeriCorps Segal Education Award that can be applied to most colleges, universities and/or trade schools.

Details

Ages: Teen Adults

Races: All

Genders: All
