Creative Startups Accelerator

Creative Startups Accelerator is the only global accelerator dedicated to creative economy entrepreneurs. With over 120 alumni companies from 15 nations, the program has proven effective. Alumni have raised \$210 million in financing, \$45 million in new revenues and created over 570 jobs.

The accelerator is an intensive 10 week program that includes rigorous curriculum, designed by and for creatives, with faculty from Stanford. The 12 modules are accompanied by mentorship, guest faculty, peer to peer learning, and applied learning experiences. The culmination includes pitching investors and "Deep Dive Week".

Parent Organization

Creative Startups

Based in Santa Fe, Creative Startups is the only global accelerator for creative entrepreneurs. Our mission is to accelerate creative entrepreneurs, build the creative economy. We provide guidance and opportunity for founders who are revolutionizing the creative tech and storytelling, health and wellness, and food/food tech sectors. We understand that the creative economy is a global economic wave. We are singular in our ability

to identify creative founders driven to build a profitable company while also retaining an uncompromising commitment to their creative vision. We guide them from seed stage to market success.
