Dental Care in Your Home

We are the access to dental care for homebound and special needs individuals of all ages and ability to pay. We accept Medicaid. We provide all dental services in their own home or care facility with state-of-the-art mobile equipment. We follow infection control and HIPAA regulations. Our services include: teeth cleanings; comprehensive exams of both teeth and gums using mobile digital x-rays and a Velscope that checks for abnormal soft tissue in the mouth; 25% silver nitrate with 5% fluoride varnish to stop decay and pain and improve gum health; fillings; extractions if necessary; full and partial denture adjustments or fabrication; and education for the patient and the care providers on daily care of the teeth and gums.

Parent Organization

Dental Care In Your Home, Inc.

Our mission isn't the access to superior dental care for homebound and special needs individuals of all ages in their own home or care facility regardless of their age or ability to pay. Our goal is to stop oral pain and infection, restore the teeth or dentures to their proper form and function and to teach our patients or their

care providers how to clean the teeth and gums daily.
