El Calvario UMC

Historically, our church has been a place established by vulnerable people on the margins for vulnerable people. The church's courageous decision to be true to its historical roots, is a commitment to a long term mission serving the POOR, welcoming the STRANGER and bringing good news to the CAPTIVE. Our facility is available for hospitality, shelter and emergency operations. Our Resiliency and Well-Being, Commercial Kitchen Incubator and Mercado are key parts of our inclusive economic development.
