Encuentro

Encuentro’s mission is to transform New Mexico into a thriving community all of its residents. We do thisby engaging with Latino immigrant families in educational and career development opportunities that build skills for economic and social justice. Our goals are to: 1) address the need for skill building across areas of language, technology and certifications/degrees in order to compete in today’s economy; 2) strengthen the immigrant community to apply these new skills as tools for leadership and civic engagement.

Courses will be held online to protect the community we serve.

Los cursos se llevaran acabo en linea para proteger ala communidad que servimos.
