Harwood engages the arts as a catalyst for lifelong learning, social change and community development with programming for every age, background and income level. We believe that equitable access to the arts and opportunities for creative expression are integral to healthy individuals and thriving communities. In all of our work, we aim to build inclusive environments where everyone feels cared for. We nurture long-term, multi-faceted relationships with participants, building programs with and for diverse communities around Albuquerque. We integrate the arts with social justice, professional and economic development, and education to cultivate a higher quality of life in our city.
