Robo Task Force (3rd-7th Grade Robotics Enthusiasts)

This is a STEM (This is a Science, Technology, Engineering and Math) related program. Robo Task Force is an after-school robotics club that offers transactive experiences for 3rd through 7th graders. Join other participants in exploring construction, materials development, electronics principles and robotic systems and design. Returning students can continue to work on projects from previous semesters while participating in these and other activities: Visit <http://www.explora.us/en/mn-educational-programs-en/mn-after-school-clubs-en>
