## Home Visiting Program

**F.A.C.E.S. First Ltd.** objectives clearly follow with the *five* encouraged outcomes for home visiting, **1)** Babies are born healthy; **2)** That children are nurtured by parents & caregivers; **3)** Children are physically & mentally healthy; **4)** Children are ready for school; **5)** Children & families are safe, and the families are connected to formal & informal supports in their community.

**F.A.C.E.S. First Ltd.** strives to be a leader in the community, to use our status to be an advocate. In addition to provide education and information about the importance of high quality *Early Childhood Educational* service.
