## Parent Organization

### Family Workshop Counseling Center

The Family Workshop is based on three (3) propositions:

- **Client-centered** – this means that we concentrate and focus on the needs of the client; respect and advocate for clients; and develop treatment plans with the direction and agreement of clients.
- **Accessibility** – We answer the phone and are available to schedule appointments seven (7) days a week, 8AM-8PM at any of our three offices.
- **Engagement** - Whatever it takes to engage the client we do that. Although we are constantly aware of evidence-based research, modalities and the latest interventions, our success is only based on the engagement, motivation and success of clients.
