## Consulting in Science/Medicine Research and Entrepreneurship

Our consultants have experience in a wide variety of **Scientific** and **Entrepreneurial** consulting in the private, public and non-profit sectors.

Whether you are an individual researcher needing help in study design, a research group or biotech firm looking for a collaborating partner for intellectual support, or a journal looking to increase your global presence, we can help.

Our consultants carry out all work according to our core values and our uncompromising standard of ethical behavior. Protecting the integrity of our client's data and business strategy is paramount.

### Reviewing and vetting services for studies in science-based medicine

- Literature search
- Researching current state and trends in the literature
- Subject Matter Expert review of case-related topics
- Vetting of scientific & medical articles
- Writing abstracts in layperson language
- Providing layperson summaries with expert opinion

### **Filipodia Publishing**

Filipodia specializes in discovering dynamic interfaces across fields and disciplines and establishing innovative and productive interactions among researchers across fields and across international boundaries. We accomplish our mission of cross-field outreach and collaboration through select hiring of PhD and MD level practicing professionals with extensive experience in science and medicine communication. Most importantly, we are unwavering in our dedication to ensuring and promoting research integrity and publication ethics.
