Writing

A writer works with an author who has created a storyline so that the writer can generate a comprehensive and cohesive story in the desired format (i.e. novel, short story, poem, etc.). As Filipodia Publishing's ghostwriting is offered as a bespoke service, the role of the writer will be customized to fit the precise needs of the author client; for example, the writer may completely create text based upon an existing storyline sketch that has been created by the author, or may enhance existing text or provide guidance for plots generated by the author.

Cost will be commensurate with the terms of the work, including but not limited to project size, extent of creative contributions, and nature of authorship, which can range from being named as a “collaborator” to complete anonymity bound by a strong non-disclosure agreement.

Topics of the projects completed by our ghostwriters to date:

- Autobiography/Memoire
- Historical fiction
- Romance
- Science fiction

Please note

Filipodia Publishing does not participate in or condone ghost writing or ghost authorship for any type of scientific or medical article for a peer-reviewed journal.
