

First Choice Community Health Center

First Choice Community Healthcare is dedicated to improving the health, life skills and well-being of all members of the communities we serve. We provide primary medical care, dental care and WIC services and have integrated behavioral health care in the primary care setting for our established patients. We ask for payment at the time of service and help people to apply for assistance to help cover the cost of their care. We also help people apply for Medicaid, UNM Care and special programs such as the Breast and Cervical Cancer Program and the Colorectal Cancer Program. We can help you enroll in Medicaid or BeWellNM.
