Parent Organization

Friends of Man

Friends of Man was founded in 1982 as a 501 (c)(3) non-profit public charity with a double mission:

1. To provide assistance to low income people of all ages who have genuine needs but can't find help elsewhere, who 'fall through the cracks' of available charitable or governmental resources. To provide help to maintain self-sufficiency in times of difficulty, as well as assisting with disability and medical needs.
2. To provide donors with the opportunity to have 100% of their donation used for direct charitable assistance, with no money taken out for administrative cost and expenses. Friends of Man an all-volunteer charity with no one receiving a salary or any kind of compensation.
