### **HealthInsight New Mexico**

HealthInsight is a private, nonprofit, community-based organization dedicated to improving health and health care, composed of locally governed organizations in four western states: Nevada, New Mexico, Oregon and Utah. HealthInsight New Mexico is the state's premier and independent health care consulting organization dedicated to the facilitation of positive changes in the delivery of health care, providing quality improvement expertise and services through its federal and state contracts. Our mission is to serve as a primary agent in focusing community energy to achieve the quality and effectiveness of health care.
