Community Base Holistic/Self-Care Health Fair

We are a Mobile Exhibit, with 14 large self-standing customized Health Display Boards. All Boards are connected to create a panoramic viewing experience, which provides citizens with direct access to Holistic Science/Self-care information. Images of Holistic Health are blended with words of Wisdom and Self-Care. Healthy Prizes are offered to encourage and support citizens to complete a Healthy Challenge Quizzes. Quizzes are used as guides to promote engagement with the information on Display. This creates a learning atmosphere to get citizens to talk about health and promote their health through collective self-care efforts, thus enhancing capacity building, and sustain positive change.

Parent Organization

Healthy Choice Health Fair

Resources are sought to address health Disparities and Advance Health Equality through conducting Community Based Holistic/Self-Care Health fairs. We are focused on reducing the incidence of preventable diseases for underserved communities of Color and diverse cultures. We entail a total community

engagement approach and a heartfelt commitment to improving the health of our citizens who feel alone and no longer able to influence their health outcomes.
