

Behavioral Health Services

HMS mental health services include crisis intervention, outpatient counseling (psychotherapy), substance abuse treatment, medication management, Comprehensive Community Support Services (CCSS), and psychosocial rehabilitation. These services are provided to all age groups and include individual and family therapy services for an array of behavioral, emotional, and cognitive difficulties, including to those who suffer from serious mental illness. HMS mental health services are provided at multiple HMS sites. See website for various locations: <https://www.hms-nm.org/locations>
