Casa de Phoenix Program (CDP)

HopeWorks' Casa de Phoenix Program (CDP) is a substance abuse treatment and transitional living program. The program is designed to build a foundation for continued sobriety, develop coping skills for internal and environmental stressors, and prepare clients to become self-sufficient and live independently. The focus at Casa de Phoenix is on sustained abstinence from substances, mental health stability and developing skills to be self-supporting. Treatment includes individual therapy, group therapy, coping and life skills education, and case management services to help individuals utilize community resources. **To apply for services, please contact CdP Program Manager Brennan Williams at 505-900-3677 to schedule a screening.**

Parent Organization

HopeWorks

Our mission is to assist people who are experiencing homelessness or near-homelessness by providing resources, opportunities, and hope. We aim to end homelessness, one person, and one family at a time. No one is turned away. We treat everyone with dignity and respect, and most importantly, we offer them hope for a better tomorrow.
