Hubbell House Alliance

The proposed Hubbell Demonstration Farm and Living History Museum will provide many benefits to the community including the following: Create an on-the-job training program for South Valley youth that will provide job skills. Teach local history through the creation of a cultural and agricultural learning center. Promote economic development for small-scale sustainable agriculture. Foster responsible stewardship of our environment by advocating organic farming methods. Promote the creation of public and private open spaces and protection of wildlife habitat. g Promote water conservation for agriculture through the use of drip irrigation systems. Generate tourism revenues from the operation of the Hubbell Farm and Living History Museum.

Parent Organization

Hubbell House Alliance

The Hubbell House Alliance is a 501.c.3 non-profit dedicated to educating the public about, promoting interest in, and advocating for the Gutierrez Hubbell House History and Cultural Center. We do this by ensuring access and providing quality historical, cultural and agricultural programs and events. We envision the Gutiérrez-Hubbell House History and Cultural Center as a vibrant and engaging community gathering place that educates through an inspiring, thriving, preeminent museum and farm.
