After School Program

Our school age program is open for summer months and during the regular academic year in the form of an after-school program. Children served in this program fall within the ages of 5 years to 10 years. Children enrolled in this program experience tutoring, enrichment activities, food projects, field trips, swimming, arts, and STEAM Activities. Within this program our children learn about health and wellness, critical thinking, chess, and other areas that supplement their age-appropriate academic levels.
