KANW STEM Speaks, Speakers Series

KANW STEM Speaks, a speaker's series for APS students, or any students for the matter in the surrounding counties and open it up to citizens as well. "KANW STEM Speaks" would be a series of speakers with speakers from one the STEM fields. KANW STEM Speaks would open the eyes of students while they are still in high school to all the possibilities in STEM. We would have the speakers do a speech/presentation and then have a Q&A with our MC.
