## Madrid Community Radio

KMRD Inc. is a nonprofit community media organization dedicated to informing, educating, and entertaining the public. Our principles are media access and education, community-building, and independent, hyper-local programming.

KMRD's arts, cultural and musical programming represents the diversity of our community's own artists, writers, performers, musicians, critics and fans.

Madrid and the surrounding area are renowned for their unique cultural and artistic communities. Our programming both represents and expands local cultural perspectives.

Our participatory media outlet strives to share and amplify the knowledge, skills and voices of our community, as well as serve as a hub for community projects and organization. We champion truly independent freeform programming!
