Public Health New Mexico

We cover the politicians, policies and agencies responsible for sustaining public health and solving poverty. To fully report on these topics, we give voice to those who are voiceless in the media.

Through our work, citizens are engaged, government is made more accountable, and the profile of public health and poverty is elevated by expanded public discourse and civic engagement.

KUNM Radio

KUNM (89.9) reaches half of the state's population from its broadcast studios at the University of New Mexico. We serve the people in KUNM's listening area by providing a variety of high quality programming that serves diverse interests, particularly programming that might not be available on commercial radio stations.
