## Edible Education

La Semilla is inspiring healthier cafeterias and educated school children through our Edible Education programs. We focus heavily on the education of elementary and middle school students and teacher development, providing school garden and after school programs in Anthony and Las Cruces, New Mexico, and El Paso, Texas, and professional development training for educators.

## Parent Organization

### La Semilla Food Center

La Semilla Food Center's mission is to build a healthy, self-reliant, fair, and sustainable food system in the Paso del Norte region of southern New Mexico and El Paso, Texas. We work with children, youth, and families to build awareness around food issues, provide informed analysis, and create alternatives for healthier environments and communities.
