## Las Cruces Recovery Center Residential Treatment

Our Residential Treatment Program provides individuals struggling with substance use disorders a supportive environment to focus on recovery. Our program offers individual and group therapy, peer support, and evidence-based therapies like cognitive-behavioral therapy (CBT). Clients receive 24/7 care from trained medical and clinical staff, allowing them to step away from daily pressures and build a foundation for lasting sobriety. The program typically lasts 30-90 days, depending on individual needs, and emphasizes relapse prevention by equipping clients with skills to maintain their recovery after discharge. Comfortable accommodations, nutritious meals, and holistic wellness activities further support the recovery process

### Parent Organization

#### Las Cruces Recovery Center

Las Cruces Recovery Center is a new 54-bed facility, providing comprehensive treatment for Substance Use Disorder (SUD). Our services include residential care, counseling, and holistic therapies, all designed to address the root causes of addiction. With 24-hour care from experienced medical and clinical staff, we offer personalized treatment to help individuals achieve sobriety and long-term recovery. We also provide group

therapy and peer support, fostering a healing community. Serving adult men and women in Las Cruces and surrounding areas, we accept all New Mexico state Medicaid insurances.
