## Conjunto Therapeutic Preschool

The **Conjunto Therapeutic Preschool** is one major element of the agency's integrative early intervention strategy and is the only therapeutic preschool in northern New Mexico. This innovative preschool model equally blends students who are 4 years old; one third have developmental disabilities or delays; one third have emotional special needs; and one third are considered as developing normally. The program promotes self-esteem, cooperative behaviors, and the -constructive expression of feelings, as well as developmental growth in language, cognition, motor, and -self-help skills.
