

SHARE new mexico™

Las Vegas Homeless Veterans Transitional Housing Reintegrational Center

The Project is designed to serve homeless veterans primarily in North Eastern New Mexico but throughout the state as well. Project supportive services included transportation, and homeless veterans can be transported to the project from various locations. The program will work collaboratively with other community agencies to meet the identified needs of veterans. This may include family counseling, substance abuse treatment, food banks, rental assistance programs, school-based services and recovery support services.
