## Life Care Center of Farmington

Life Care Center of Farmington, addresses a variety of health care needs in an attractive, comfortable environment. Staff members are professionally trained and dedicated to providing top quality care. Most importantly, there is a commitment to service that ensures each resident's needs are given the highest priority. We offer rehabilitation services, including: physical, occupational, and speech therapy. Rehabilitation is a critical component of a resident's care plan. The ultimate goal of rehabilitation is independent living. Life Care Center of Farmington offers subacute care for patients who need specialized services. We also have Alzheimer's Specialty Unit, which has been designed to offer a secure and restful environment for residents with Alzheimer's disease and related dementia disorders. Residents of Life Care Center of Farmington are encouraged to participate in a wide range of activities, including: parties, outings, movies, religious services, and musical programs. We at Life Care Center of Farmington recognize that every resident has unique needs, goals, and abilities. We offer a comfortable, attractive environment where residents receive the nursing and rehabilitation services they need, while maintaining an appropriate level of independence.
